

GENTLEMAN PHARMED TECHNOLOGIES PRIVATE LIMITED

Manufacturer, Exporter & Supplier of Pharmaceutical , Chemical & API Machineries & Spares

Tablet Section

Fluid Bed Dryer

- ★ Very versatile process equipment.
- ★ Fully automatic operation based on PLC control.
- ★ Minimum handling and more hygienic.
- ★ Top mounted telescopic cylinder for auto bag shaking.
- ★ Clamp type bottom mesh for container.
- ★ Capacity available from 2.5 kgs. To 500 kgs.
- ★ MOC SS 304 / 316 / 316L.
- ★ cGMP with documentation.

Rapid Mixer Granulator

- ★ Models available from
- ★ 3 L to 1200 L working capacity.
- ★ Fully automatic operation based on PLC control.
- ★ Better productivity & lesser mixing time.
- ★ Contact parts are SS 316 / 316L.
- ★ Uniform mixing & granulation.
- ★ Less handling, more hygienic.
- ★ cGMP with documentation.

Tablet Section

Vibro Sifter

- ★ High degree of surface finish.
- ★ Double decker arrangement can be provided.
- ★ Easy dismantling and cleaning.
- ★ MOC SS 304 / 316 / 316L.
- ★ cGMP with documentation.

Multi Mill

- ★ Multi speed drive for various
- ★ product grinding.
- ★ Easy dismantling and cleaning.
- ★ High degree of surface finish.
- ★ Easy portability.
- ★ MOC SS 304 / 316 / 316L.
- ★ cGMP with documentation.

Tablet Section

Auto Coater

- ★ Uniform & Smooth coating without damaging the tablets.
- ★ High quality machines with new technology.
- ★ Minimum batch time & power consumption.
- ★ Inbuilt WIP System.
- ★ Intelligent process control by PLC and touch screen HMI.
- ★ Automatic tablet unloading system avoids contamination. (OPTIONAL)
- ★ High efficiency, energy saving, safe, user friendly PLC base controlled technology.
- ★ Complete automated process.

Blister Packing Machine

- ★ Uniform & Smooth packing without damaging the tablets.
- ★ High quality machines with new technology.
- ★ High efficiency, energy saving, safe, user friendly.
- ★ Machine available Alu/Alu, Alu/PVC with cGMP norms.
- ★ Complete automated process.

Automatic Ointment / Cream Mfg. Plant

- ★ Capacity from 50 kg to 5000 kgs.
- ★ MOC ss 316 / 316L.
- ★ Online homogenizer / microniser.
- ★ Hydraulic lid lifting for mfg. vessel.
- ★ Dual anchor agitator with fix anchor.
- ★ Bottom / top homogenizer.
- ★ PLC base fully automatic plant also available.
- ★ cGMP with documentation

Tube Filling Machine

- ★ Models available in Single/Double/Four Head.
- ★ Suitable for Aluminum/Lami/Plastic Tubes
- ★ Capacity 60 to 180 Tubes per/min.
- ★ Combi model available.

Change over time from lami to aluminum and vice versa is very less

- ★ Tube Orientation Unit, Jacketed Hopper.
- ★ In-Feed system for oval tubes.
- ★ cGMP with documentation.

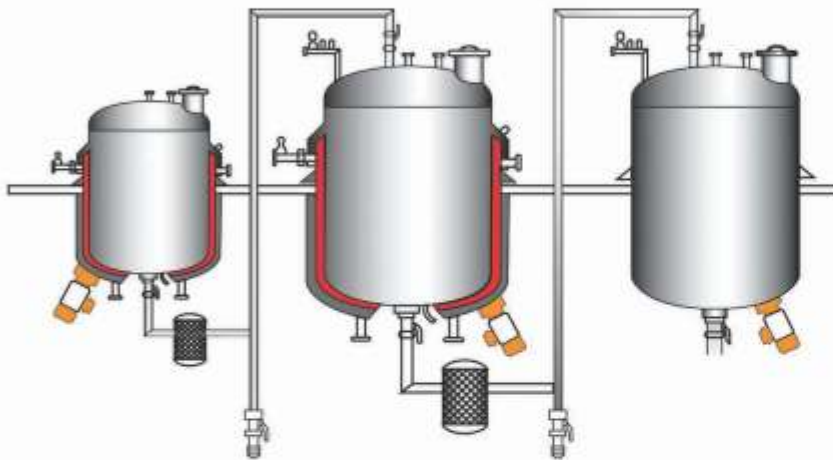

Liquid Section

Automatic Liquid / Syrup Process Plant

- ★ MOC SS 304 / 316 / 316L.
- ★ We can manufacture as per customer design / requirement.
- ★ Electric heating also possible for smaller capacity.
- ★ Top mounting stirrer /homogenizer also available.
- ★ PLC based fully automatic plant also available.
- ★ cGMP with documentation

Filter Press Zero Hold Up (Reverse Flow)

- ★ MOC SS 316 / 316L.
- ★ Available models 8", 14", 18", 24" & 33" plate diameter.
- ★ Available with centrifugal / gear / lobe pump.
- ★ Fitted with pressure gauge, safety valve & airvent.
- ★ cGMP with documentation.

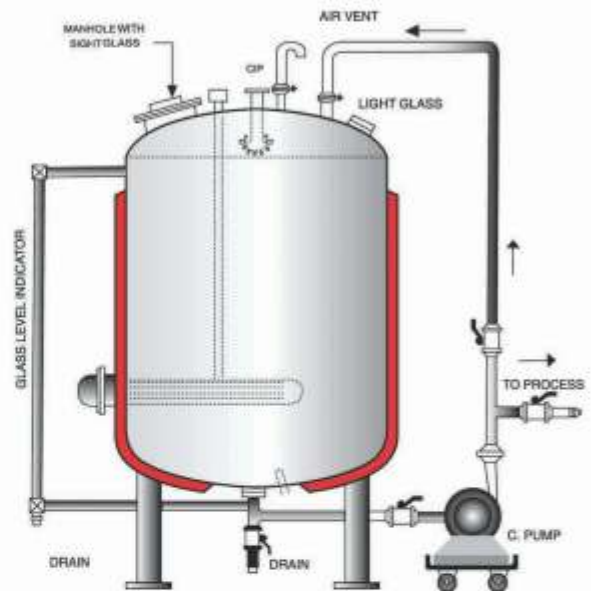

Injectable Section

D. W. Storage Tank

- ★ Available capacity 100 ltrs. to 10000 ltrs.
- ★ Material of construction SS 316 / 316
- ★ Direct heater. Strip heater or steam jacketed / coil.
- ★ Provided digital temperature controller / indicator.
- ★ Circulation pump for uniform temperature.
- ★ Automatic level controller to be connected to MCDP.
- ★ Horizontal / Vertical execution as per site requirement.
- ★ All joints nozzles are triclover.

Multi Column Distillation Plant

- ★ Model available 80 Ltr. to 2000 Ltr.
- ★ Fully automatic plant except 50 / 80 Ltr. Plant.
- ★ 75 % energy saving over conventional type plants.
- ★ It produces pyrogen free sterile distilled water to meet IP/BP Standards.
- ★ Designed output can be increased by 50% by increasing steam pressure.
- ★ Grundfos pump provided
- ★ cGMP with documentation.

Capsule Section

Manually Operated Capsule Filling Machine (CFM)

- ★ Available Sizes: 00, 0, 1, 2, 3, 4, & 5.
- ★ Output : upto 7,200 capsules.
- ★ Output can enhance by using automatic capsule loader
- ★ Model available in 100 holes also

Capsule Filling Machine (Semi Automatic)

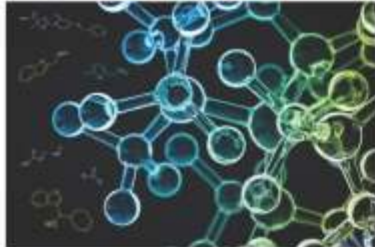

- ★ PLC based machine.
- ★ A special design for change over of different size capsules with in 20 minutes.
- ★ Fill weight accuracy $\pm 3\%$.
- ★ Simple operation, operating training can be done in 15 minutes.
- ★ Low noise & maintenance.
- ★ cGMP with documentation

Semi Automatic Capsule Loader (CLM)

- ★ To enhance production line output
- ★ CLM with CFM M/C
Output : 90 trays / hour line output
- ★ CLM with 1 CFM M/C
Up to 9,000 capsules / hr with 2 operators
- ★ CLM with 2 CFM M/C
Up to 18,000 capsules / hr with 3 operators
- ★ CLM with 3 CFM M/C
Up to 27,000 capsules / hr with 4 operators

Reactor

- ★ Capacity from 5 Ltrs. 5000 Ltrs.
- ★ Design range from full vacuum up to 30 bar(g)
- ★ Design temperature from -50° C up to +300°C
- ★ Designed for working under pressure and temperature cycles
- ★ Heating/Cooling by double jacket, half coils or dimplate jacket
- ★ Agitators available with axial flow, radial or combined double flow

Centrifuge

- ★ Sturdy design & construction as per cGMP norms.
- ★ Four point suspension type which requires negligible Foundation (Few bolts are to be grouted to prevent Lateral movement of Machine during operation)
- ★ Centrifuge manufactured as per international standards with inertia platform & AntiVibration mounts to Ensure smooth operation.
- ★ Vapour Tight Arrangement
- ★ Nitrogen purging system for Basket & bearing housing/ casing
- ★ Safety Device such as Zero Speed Lock for the Centrifuge cover.
- ★ Full validation services available including DQ,IQ/OQ, FAT / SAT protocols.
- ★ cGMP construction for Pharmaceutical Models.
- ★ Kilolab Model to Production Models available

Consumable & Spares **Gentleman**™

amazon

Other Machines, Instruments & Accessories

1. Analytical Equipments
 2. QA & QC Equipment
 3. Dispensing Booth
 4. Laminar Flow
 5. SS Loop Line
 6. DM Water Plant
 7. Dry Heat Sterilizer
 8. Autoclave
 9. Stability Chamber
 10. Air Handling Unit
 11. Solid Flow Monitor
 12. Pneumatic Accessories
 13. Pneumatic Cylinders
 14. Heating Elements
 15. Mechanical Seals
 16. SS Valves
 17. SS Pumps
 18. Vacuum Pumps
 19. Sensors
 20. Controllers
- & many more...

Our Esteemed Clients

Exports:

1. Active Fine Chemicals. (Bangladesh)
2. Alman Pharma INC. (Philippines)
3. Deeplaid Lab (Bangladesh)
4. Edruk Pharma (Bangladesh)
5. Euro Pharma (Bangladesh)
6. Hybrid Trade Associates (Bangladesh)
7. Oponin Pharma (Bangladesh)
8. Pristine Chem Ltd. (Bangladesh)
9. Pharma Chem Ltd. (Bangladesh)
10. Panex Pharma (Egypt)
11. Quars Pharmatech (Bangladesh)
12. Renata Ltd. (Bangladesh)
13. Readyson Pharma. (Bangladesh)
14. Total Herbal Pharma (Bangladesh)

Domestic:

1. Albert David Limited-Kolkata Factory
2. Avizon Bio Pharma (Guwahati)
3. Dipan Herbal Pharmacy (Habra)
4. Emami Limited (kolkata)
5. Eskag Pharma Pvt Ltd (kolkata, Haridwar)
6. East India Pharma (kolkata)
7. Gluconate Health Limited (DumDum)
8. Golden Cross (Cipla, Guwahati)
9. Hygiea Pharma (kolkata)
10. Indian National Drug (kolkata)
11. Life Pharma (kolkata)
12. Laxmi Pharma (kolkata)
13. Narayan Chemicals (kolkata)
14. Strassenburg Pharma (kolkata)
15. Stadmed Pharma (kolkata)
16. Standard Pharma (kolkata)
17. Sadhana Ausadhalaya (kolkata)
18. Tetradip Pharma (kolkata)
19. Neelam Trade link (kolkata)
